## EXPERIENCE

### KWD, NewZealand — *Sr. React Native Developer*

Oct 2022 - PRESENT

Led the end-to-end development and delivery of multiple cross-platform mobile applications, managing architecture, code quality, and feature rollouts while coordinating with product, design, and backend teams.

### Optimusfox, Lahore — *React Native Developer*

April 2022 - Oct 2022

Worked as a Mobile Application Developer, delivering and maintaining cross-platform apps on both Android and iOS. Successfully launched several production apps, including projects with live audio/video calling features.

### Tribex Technology, Lahore — *React Native Developer*

Sept 2019 - March 2022

I gained hands-on experience working on real-world projects & evolved into an experienced developer, contributing to multiple successful app launches across Android and iOS, expanding my skills in performance optimization, third-party integrations, and real-time features like sockets.
